

REMARKS

The Office Action states that Applicants' response of 02/12/2008 is not fully responsive because the Wartena declaration contains the word "i." This appears to be due to a scanning error before submission to the USPTO. A copy of the unsigned declaration is attached, showing that the complete word is "is." This is identical to the language used in the concurrently filed Swider-Lyons declaration.

In view of the foregoing, it is submitted that the application is now in condition for allowance.

In the event that a fee is required, please charge the fee to Deposit Account No. 50-0281, and in the event that there is a credit due, please credit Deposit Account No. 50-0281.

Respectfully submitted,
